

We are pleased to announce that Michel Dionne, AIA, has joined Hart Howerton as Principal in our New York office.

With over 25 years of professional experience as an architect, planner and urban designer, Michel Dionne has been responsible for the design and planning of new mixed-use, resort, institutional, urban infill and transit-oriented communities in the United States, Canada, the Caribbean, Mexico, France, the Czech Republic, Brazil and Russia.

Prior to joining Hart Howerton, Michel was a Partner at Cooper, Robertson & Partners. His numerous award-winning, market-driven projects include the master plan and town center buildings for Val d'Europe (the EuroDisney community outside Paris), and the master plan and design for the new towns of Celebration and Watercolor in Florida. Michel has led planning and design teams on large-scale mixed-use communities near Charleston, SC and the Research Triangle Park in Raleigh/Durham, NC. Working with The Alliance for Downtown New York, Inc., Michel designed The Lower Manhattan Streetscape Project. His other urban waterfront designs are found in Washington, DC, Miami, St. Louis and Barcelona.

“I am thrilled to join Hart Howerton. My experience in urban, mixed-use and institutional planning and design is well suited to the multi-disciplinary approach of the firm. Having built and maintained successful client partnerships in over eight countries on four continents for over two decades, I look forward to expanding Hart Howerton’s international reach.”

– Michel Dionne, aia
